INSURANCE

AND ABSTRACT OFFICE.

Real Estate.

FOR SALE.—Elegant Residences and Beautiful Residence Lots in all parts of the City.
FARM LANDS.—Irrigated, and under a high state of cultivation.
LIVE STOCK RANCHES.—In all parts of the county, under fence and plenty of water.

Loans

Negotiated on Irrigated Farm Lands, and Improved City Property, at very lowest rates of interest.

Insurance Department

Comprises a splendid line of World-Renowned Insurance Companies, noted for Financial Strength, liberal dealing, and prompt payment of all losses.

Abstracts of Title.

This department was originally established by the owner in the year 1875, and soon after adopted the American System, which is superior to any other system in use. It is self-corrector, concise, the chain of title is easily traced, and it was compiled with great care under the owner's immediate supervision. It has been rigidly revised and tested in every way. It shows the CONDITION of ANY TITLE in Las Animas County; the solvency or otherwise of individuals so far as their REAL PROPERTY is concerned, and the names of the PRESENT OWNERS of any real property.

Counsellor at Law.

Special attention given to the Examination of Titles to Real Property.

HENRY F. MOORE,

St. Joseph's Academy.

The Academy

Is under the charge of the Sisters of Charity. It is situated in a beautiful and healthy location, surrounded by extensive grounds, which offer excellent facilities for healthy exercise. The great object of St. Joseph's Academy will be to lay a deep and solid foundation of plain and useful knowledge of all the branches of a thorough English education—of History, Grammar, Geography, Mathematics, and, above all, Christian morality. While aiming, first, at the useful, the ornamental will not be neglected. The various accomplishments of a finished education will receive due attention. . . . . . .

The Annual Session commences on the first Monday in September, and ends the last Thursday in June. References required of all applicants. Letters of inquiry must be addressed to SISTER SUPERIOR, St. Joseph's Academy, Trinidad, Colo.

CATSKILL

IS A thriving town in the timber region of New Mexico, in the Maxwell Land Grant, 27 miles southwest of Trinidad, on the Union Pacific Railway. There are six sawmills in operation within a radius of ten miles, with a total capacity of 140,000 feet of lumber per day, and all working to their fullest capacity. The town has an excellent public school, large hotel, fence and box factories, a general store carrying one of the largest stocks to be found in New Mexico, beside which, nearly all lines of business are represented. The location of Catskill is such as to make it very desirable as a summer resort, both for health and pleasure. The altitude is nearly 8,000 feet. The scenery is grand. Game of all kinds is very abundant.
